

THE DOBERMANN CLUB OF VICTORIA INC

(FOUNDED 1959)

ASSOCIATION INCORPORATION No A0018808J

The Dobermann Club of Victoria Inc recommends the following questions be asked of any breeder of whom you are enquiring re purchasing a Dobermann puppy.

- How long have you been breeding?
- Why have you bred this litter?
- How many litters do you have per year?
- Are your puppies born and reared in a home environment?
- Has health and temperament been taken into consideration with this litter?
- What health testing has been done on the parents?
- Will the puppies be health tested?
- Will the breeder ensure I get copies of these health certificates?
- vWD1 – von Willebrands disease - this is a Code of Practice within Victoria only – all breeders **must** advise of the “reading” of the puppies and/or parents – *ie Orivet in Aust or overseas Labs supply certificates of DNA results -*
Refer to Victorian State Government website- <http://agriculture.vic.gov.au/pets/domestic-animal-businesses/breeding-and-rearing-businesses/code-of-practice-for-the-breeding-of-animals-with-heritable-defects-that-cause-disease>
- If you note clear by parentage, will you supply a copy of the parent’s tests to verify both parents are clear.
- What diet does the dam have and what will the puppies be fed? What support do you offer?
- Are you contactable for questions re the puppy as it grows?
- Do you have any puppy buyers I can contact for a reference?
- Can I/we meet the parents (or at least the dam) of this litter?
- Will these puppies be on the Full or Limited Register?
- Do you have any contracts that must be signed?

PLEASE NOTE – **NO** breeder can guarantee that any Dobermann puppy is DCM (Dilated Cardio Myopathy) free or clear, as there are currently only two genes - named DCM1 and DCM2, out of dozens that we can **DNA** test for. They may be negative of one or both of these but this does **NOT** guarantee them of being DCM Clear or free. Please ensure you view the paper work for test results. Yearly Halter Monitors from 2yo and ECGs are also recommended.

If any breeder states that they are members of The Dobermann Club of Victoria Inc on their website etc, please ensure you contact the club for clarification and authenticity.

Contact the club if you have any queries - secretary@dobermannclubvictoria.com.au
